Some models in the general catalogue have undergone a restyling that has given rise to washbasins with thinner walls and modified the shape of the overflow to give the pieces lightness and unparalleled visual dynamism.

Certains modèles du catalogue ont subi un restylage qui a donné naissance à des lavabos aux parois plus fines et a modifié la forme du trop-plein pour donner aux pièces une légèreté et un dynamisme visuel inégalés.

These are small details that reinvigorate the classics and make way for new models. Transparency and honesty are concepts that are reflected in every detail of their design.
